

➤ **Countertop sealers**
of bags and pouches
with vaccum packaging option

- Single weld :
automatic vacuum, visual vacuum
- 3 possible methods :
 - **Red and green lights** : single weld
 - **Red light** : automatic cycle and suction
 - **Green light**: complete cycle managed by the operator when the suction seems to be enough
- Possibility of **vacuum packaging for moist products**, thanks to the included filter-tank

Characteristics	SVP 300
Welding capacity	300 x 5 mm
Pump flow	7L/min
Vacuum efficiency	-80 kPa
Dimensions	394 x 266 x 176
Weight	4,5 Kg
Power supply	100-240 V – 50-60 Hz
Power	200 W
