

COUNTERTOP SEALERS SVP 300

➤ **Countertop sealers**
of bags and pouches
with vacuum packaging option

COUNTERTOP SEALERS

SVP 300

➤ 3 possible Methods :

- **Red and green lights** : single weld
- **Red light** : automatic cycle and vacuum
- **Green light**: complete cycle managed by the operator when the vacuum seems to be enough

➤ Adapt to **vacuum packaging for moist products**, thanks to the included filter-tank
